

MATERIAL SAFETY DATA SHEET

1. PRODUCT NAME	:	CALCITE POWDER
2. PRODUCT IDENTIFICATION	:	M.S.D.S. NO: FMCPL3
3. MANUFACTURER	:	PARADISE MINERALS
4. ADDRESS	:	221 RUNWAL HEIGHT, L.B.S. MARG, MULUND(W) – 400080
5. EMERGENCY PH. NO	:	25908265
6. CAS. NO.	:	471- 34-1
7. CHEMICAL NAME	:	CALCIUM CARBONATE, CaCO_3
8. SYNONYMS	:	Carbonic acid, Calcium salt, Calcite, Aragonite, lime stone
9. HAZARDOUS IDENTIFICATION	:	May cause Irritation to skin, eye and respiratory tract
10. FIRST AID MEASURE	:	Flush eyes immediately with plenty of water, wash exposed skin with soap water, In case inhaled, remove fresh air and if required give artificial respiration.
11. FIRE FIGHTING MEASURE	:	Not considered to be fire hazardous
12. HANDLING & STORAGE	:	Keep in a cool, dry ventilated area, protect against physical damage.
13. PHYSICAL/CHEMICAL PROPERTIES	:	fine white, odourless Powder, soluble in dilute acid density : 2.70 – 2.95.
14. STABILITY & REACTIVITY	:	Stable under ordinary condition, when heated to 825⁰ C decomposed Calcium Oxide fumes and Liberates carbon Dioxide gas.
