

MATERIAL SAFETY DATA SHEET

1. PRODUCT NAME	:	CHINA CLAY
2. PRODUCT IDENTIFICATION	:	M.S.D.S. NO: FMCPL14
3. MANUFACTURER	:	PARADISE MINERALS
4. ADDRESS	:	221 RUNWAL HEIGHT, L.B.S. MARG, MULUND(W) – 400080
5. EMERGENCY PH. NO	:	25908265
6. CAS. NO.	:	1332-58-7
7. SYNONYMS	:	Kaolin Powder, Clay Kaolinite Hydrated Aluminium silicate.
9. HAZARDOUS IDENTIFICATION	:	Skin & eyes contact, no adverse effect expected Slight Irritation
10. FIRST AID MEASURE	:	If inhaled immediately flush eyes and skin with plenty of water for at least 15 min.
11. FIRE FIGHTING MEASURE	:	Not considered to be fire hazardous
12. HANDLING & STORAGE	:	Keep in a closed container, store in cool, dry and ventilated area, protect against physical damage. Use safety gloves and protective gloves.
13. PHYSICAL/CHEMICAL PROPERTIES	:	fine white to yellowish white, odourless powder Insoluble in water. Density: 1.8-2.6
14. STABILITY & REACTIVITY	:	Stable <u>under</u> ordinary condition of use no Hazardous decomposition or polymerization occur if inhaled, remove to fresh air
