

MATERIAL SAFETY DATA SHEET

1. PRODUCT NAME	:	DOLOMITE POWDER
2. PRODUCT IDENTIFICATION	:	M.S.D.S. NO: FMCPL5
3. MANUFACTURER	:	PARADISE MINERALS
4. ADDRESS	:	221 RUNWAL HEIGHT, L.B.S. MARG, MULUND(W) – 400080
5. EMERGENCY PH. NO	:	25908265
6. CAS. NO.	:	1317-65-3
7. SYNONYMS	:	Dolomite, Ag lime, Mfg. sand, Crushed stone.
9. HAZARDOUS IDENTIFICATION	:	Lime stone. A complex mixture (Naturally variable composition of Primarily calcium & Magnesium carbonate) Lime stone may contain varying concentration of quartz
10. FIRST AID MEASURE	:	Flush eyes immediately with plenty of water, wash exposed skin with soap water, In case inhaled, remove fresh air and if required give artificial respiration.
11. FIRE FIGHTING MEASURE	:	use appropriate instrument to put spilled material in a waste disposal. Avoid raising dust.
12. HANDLING & STORAGE	:	Keep in a close container, store in cool, dry & ventilated area. Keep away from strong acids, CO₂ may be released on contact with strong acid
13. PHYSICAL/CHEMICAL PROPERTIES	:	Angular gray/Brown/white particles of varying size no. adour, sp gv 2.6-2.8.
14. STABILITY & REACTIVITY	:	Chemically stable & show reactivity with strong acids
15. OTHER INFORMATION	:	Silica in the form of Crystalline quartz & as a component of this material is listed as a potential carcinogen.
