

MATERIAL SAFETY DATA SHEET

1. PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAMES: POTASH FELDSPAR
CHEMICAL NAME Feldspar (CAS No. 68476-25-5)

PRODUCER:

PARADISE MINERALS
221 RUNWAL HEIGHT, L.B.S. MARG, MULUND (W) - 80
Telephone: 25908265/ 9820635370
Fax: 25908265

HAZARDOUS INGREDIENTS

Feldspar is a naturally occurring anhydrous, inorganic, igneous rock. It is a complex aluminum silicate containing varying amounts of sodium, potassium and calcium. Formula: (Na, K, Ca) $AlSi_3O_8-SiO_2$

PHYSICAL DATA

Earthy smell when wet. White to tan granules and/or powder.

FIRE AND EXPLOSION DATA

Non-flammable and non-explosive.

HEALTH HAZARD INFORMATION

EYE: Inflammation of eye tissue may occur from overexposure.

SKIN/CONTACT ABSORPTION: Inflammation from contact with open cuts may occur.

SIGNS AND SYMPTOMS ASSOCIATED WITH EXPOSURE OVER THE TLV:

Short Term: Shortness of breath, coughing associated with inhalation of dust.

Long Term: May cause silicosis, a chronic disease of the lungs marked by acute fibrosis; may cause cancer.

INHALATION: **WARNING:** These products contain crystalline silica. Repeated, prolonged inhalation of dust may cause delayed lung injury which may result in silicosis or pneumoconiosis. The International Agency For Research On Cancer in its publication, "IARC Monographs On The Evaluation Of The Carcinogenic Risk To Humans - Silica, Some Silicates, Coal Dust and Para-aramid Fibrils" - Volume 68, 1997, has concluded that there is sufficient evidence for the carcinogenicity of crystalline silica in humans, and has, therefore, classified

crystalline silica in Group 1, carcinogenic to humans. The National Toxicology Program's ("NTP's") Sixth Annual Report on Carcinogens, 1991, lists crystalline silica (respirable) as a substance which may reasonably be anticipated to be a carcinogen. In humans, a number of studies have found an association between lung cancer and exposure to dust containing respirable crystalline silica. In many of these studies, though not all, lung cancer risks were elevated and could not be explained by confounding factors such as cigarette smoking or arsenic or radon inhalation. While the IARC working group concluded there was sufficient evidence in humans for the carcinogenicity of inhaled crystalline silica in the form of quartz or cristobalite, it noted that carcinogenicity in humans was not detected in all circumstances studied. NOTE: The State of California requires the following statement: "Airborne particles of respirable size of crystalline silica are known to the State of California to cause cancer."

INGESTION: Nausea may result from accidental ingestion. May cause cancer.

EMERGENCY/FIRST AID PROCEDURES:

INHALATION: Move to fresh air; consult physician and/or obtain competent medical assistance as necessary.

INGESTION: Consult physician and/or obtain competent medical assistance.

EYE CONTACT: Flush with water; consult physician and/or obtain competent medical assistance as necessary.

SKIN CONTACT: Wash thoroughly with water.

REACTIVITY DATA

STABILITY: Feldspar is a stable material under ordinary conditions.

INCOMPATIBILITY: None known.

HAZARDOUS POLYMERIZATION: Not known to occur.

SPECIAL PRECAUTIONS

1. Do not breathe dust.
2. Avoid creating dust in closed areas.
3. Use adequate ventilation as recommended by NIOSH/MSHA/OSHA for crystalline silica.

OTHER RELATED INFORMATION

1. NPCA/CPMA HMIS Ratings:

Health (2) Flammability (0) Reactivity (0) Personal Protection (E)

2. Feldspar is not hazardous under DOT Regulations.

3. Government regulations require that personnel working with crystalline silica receive appropriate training in safe work habits, respiratory protection and health risks.

The information and data contained herein are believed to be accurate, but the manufacturer makes no warranty with respect thereto and disclaims responsibility for reliance thereon. This data relates only to the specific material described herein, and does not relate to use in connection with any other materials or in any process. The Feldspar Corporation makes no warranties, express or implied, concerning this product. No warranty of fitness for any particular purpose is made, and we assume no responsibility whatever for any use of this product. This

product should be used by properly trained personnel, and in compliance with applicable health and safety laws and regulations.
